" These are the pledges of the best class at PI KAPPA PHI !! "

Dear Brother,

Does that quote ring a bell ? We, the current undergraduate chapter found these words of wisdom (Although many of us would debate them) during renovation and repair work to the western wall of the house and the party room. I have enclosed a copy of the letter you buried as well as the addresses of your other pledge brothers in case this spurs the renewal of a long-lost camaraderie.
